- Cuide la presentación y la ortografía. Revise la prueba antes de entregarla.
- Cada ejercicio tiene asignado su calificación correspondiente.
- La audición se realizará tres veces en los tiempos que determine el tribunal.
- Esta prueba se calificará numéricamente entre 0 y 10.
- Para superar la materia de INGLÉS I (A), deberá obtener una puntuación mínima de cinco

I. READING COMPREHENSION

The day after Trump

- 1 While US politics may hold out hope that a return to reasonable governance will control the Trump movement, the same cannot be said about Latin American countries, where his 'comrades' enjoy solid power. There is no better example than Brazil's Bolsonaro, a leader who has followed in Trump's footsteps, using social media to spread
- 5 disinformation, in this case, seasoned with the flavours of the Global South, like military authoritarianism and strongman politics. The movement needs social media to survive and thrive. But the rest of the world has been relegated to the backyard, while we wait for Biden-Harris to regulate social media and restrict the publication and circulation of disinformation posted by political leaders.
- 10 Trump was banned from Twitter after the January 6 insurrection, a 12-hour temporary suspension for inciting the mob. Similar actions were taken by other platforms, like Facebook, Snapchat, and Twitch, and more than 70,000 Twitter accounts that were spreading conspiracy theory vanished, along with Trump. The public began debating who should decide what is acceptable or not in public digital spaces. The liberal values
- 15 of freedom of expression made themselves felt on both sides of the controversy as people like German Chancellor Angela Merkel, who did not question Trump's inappropriate content or the extent to which social media is responsible for inflaming political hatred. Instead, she questioned who should have the power to regulate political speech in a democracy.
